

# SuperKill®

## RACQUETBALL STRINGS

MULTIFILAMENT  
NYLON TECHNOLOGY

The SuperKill family of racquetball strings features a nylon core with a high tenacity nylon wear surface

### SuperKill® XL

1.25 mm [ 17 gauge ] MNT TECHNOLOGY 12 metres [ 40 feet ]

#### THE BENEFITS

SuperKill XL is 1.25 mm in diameter with a soft feel and excellent ball response. The multifilament nylon core and textured surface maximize ball control and spin characteristics.

#### MAIN FEATURES

SOFT FEEL  
TEXTURED SURFACE

POWER :

FEEL :

TENSION STABILITY :

DURABILITY :

### SuperKill® 17

1.25 mm [ 17 gauge ] MNT TECHNOLOGY 12 metres [ 40 feet ]

#### THE BENEFITS

SuperKill 17 is 1.25 mm in diameter with an excellent combination of power and control. Monofilament nylon core and tough nylon wear surface produce a tough, long-lasting string.

#### MAIN FEATURES

BALANCED POWER & CONTROL  
LONG LASTING STRING

POWER :

FEEL :

TENSION STABILITY :

DURABILITY :

### SuperKill® II

1.30 mm [ 16 gauge ] MNT TECHNOLOGY 12 metres [ 40 feet ]

#### THE BENEFITS

SuperKill II is 1.30 mm in diameter for optimum durability and string life. Monofilament nylon core and tough nylon wear surface work well with powerful strokes.

#### MAIN FEATURES

OPTIMUM POWER  
EXTRA DURABILITY
